

2012 Biathlon Ontario Provincial Team Selection CANADIAN NATIONAL BIATHLON CHAMPIONSHIPS

1. Preamble and Guiding Principles

The Canadian National Biathlon Championship is considered to be an elite event, which brings together the best Biathlon athletes in the country. This race is used by Biathlon Canada, as part of their selection procedures for the National Team. It will also be used by BiOn as one of the key selection criteria for OAAP funding. Biathlon Canada requires that each Division send only athletes that are competent to race at this level of competition. This infers that athletes who attend National Championships should meet a minimum standard of competency in order to qualify. Both Biathlon Canada and BiOn consider the National Championships as an elite event and not an event of open participation.

In an effort to comply with this philosophy, the Athlete Development Committee (ADC) has created selection procedures that clearly identify a set of minimum standards that must be met for IBU class athletes to qualify for Nationals. These new standards are objective and easily measurable. For the Senior Boy/Girl categories, which the ADC considers as a development level, the qualification procedures are also outlined in this policy. This document describes the Team Ontario selection procedures in detail.

3. General Information for all Categories

Athlete must be a resident of Ontario to earn Full Team membership. Ontario Health card is required for proof of residency.
- b) There are sixteen potential openings for full membership in Team Ontario. This number is set by the Board of Directors and can vary from year to year depending on resources available and location of Nationals. BiOn reserves the right to select a smaller team if there are not enough athletes of adequate caliber. BiON reserves the right to select and support any sanctioned athletes based on availability of race support for the Team.
- c) BiON expects a certain minimum level of competition attendance to be considered for selection to attend Canadian Nationals. Every IBU class athlete wishing to be considered for a position on Team Ontario must compete in a minimum of 3 Nor Am Cup events ie 6 races. Eastern and Western Canadian's are also considered as acceptable races. Sr Boys & Girls must compete in a minimum of 3 sanctioned events. (see section 2k definition)
- d) The ADC will consider application of *force majeure* for those athletes that have justifiable reasons for not competing in a minimum of, 3 qualifying races. (e.g. documented illness, *act of god*, etc). An application for force majeure must be made, in writing, to the Chair of the ADC, no later than two weeks prior to Team selection date. The letter must describe the circumstances that caused the athlete to miss the required minimum races along with providing supporting documentation, such as a letter from a physician.
- e) The final selection of Team Ontario is the responsibility of the ADC. The ADC will use these procedures to select team members for Team Ontario. The ADC, at their discretion may recommend approval of athletes that are with 2% of minimum PT threshold.
- f) All appeals relative to the selection of Team Ontario must be sent to the Chair of the ADC within seven days of the publication of the first draft of the nominations. The length of the appeal period may be shortened by the ADC in cases where tight deadlines need to be met. The appeals must be based on the misapplication of this selection process.
- g) Two members of the Executive of BiOn who are not on the ADC will be appointed by the President to review and adjudicate the appeal. Their ruling will be final.
