2	39	Meghan Raddon	BRB	4	2	6	1:03:00	1:25:38	0:22:38	0:04:00	0:26:38				2 missed penalty loops

Note: All times must be entered as h:mm:ss (Custom Number Format)

Each row can be copied to another row for adding competitors and will calculate for itself - except for the Seconds, Behind and % columns. See Below
 Each row can be deleted to remove the extra competitors. Delete above the bottom line of the group to maintain the block formatting.
 Start Time (Column H) and End Time (Column I) should be entered as hh:mm:ss and Running Time would then be Column I minus Column H
 The running time will be calculated by formula and the Columns H and I and N(results in seconds) should then be hidden for presentation
 After the results are calculated, enter their Rank # in Column A, highlight columns A to Q within the category and sort by column A
 Then paste the Seconds, Behind, and % columns copied from below for the number of athletes in the category and they will be calculated.
 These notes are also left out for printing.

Copy and Paste these
 start-time values as necessary

30 second
