

**BIATHLON ONTARIO**  
**2025 – 2026 Quest for Gold Program**  
**Athlete Selection Criteria**

**Note:**

At this time, Biathlon Ontario has received information regarding the contribution program. This is the selection criteria based on the current known 2024-2025 race schedule. The Biathlon Ontario board of directors *reserves the right to update* the criteria and timelines based on any changes to the 2024-2025 race season based on race cancellations, postponements, etc, Biathlon Canada carding decisions, etc.

## **1.0 Purpose, Outline and Program Overview:**

### **1.1 Program Overview**

The Biathlon Ontario Quest for Gold program is a 2025-2026, direct to athlete funding program funded by the Government of Ontario. The program for the 2025 – 2026 season is established to provide additional financial support to biathlon athletes from Ontario and to increase the performance and number of Biathlon Ontario athletes competing at the National and International level. Biathlon Ontario sincerely thanks the Government of Ontario for their contribution and support to offer this program.

### **1.2 Specific Objectives of the program:**

- 1.2.1 To help athletes continue their pursuit of athletic excellence at the highest levels of national and International competition;
- 1.2.2 To encourage athletes to stay in Ontario to live and train, but recognize that athletes may travel to other provinces to train, but still compete as Ontario athletes.;
- 1.2.3 To compensate athletes for earnings lost while training;
- 1.2.4 To enable athletes to successfully pursue excellence in sport while fulfilling their educational goals;
- 1.2.5 To increase athlete access to improved high-performance coaching; and
- 1.2.6 To enhance training and competitive opportunities available to athletes.

The intent of the Quest for Gold program is to provide funding to individual athletes in the sport's Train to Train through Train to Win categories based on their demonstrated commitment to high performance sport, allowing them to continue to pursue athletic excellence at the highest levels of national and international competition.

The intent of the funding is to subsidize carded athletes for:

- Normal living costs
- Costs directly associated with training costs
- Costs associated with attending training camps and competitions
- Sport specific equipment
- Tuition and education related expenses

**Only those athletes that meet the required minimum performance standard detailed in this Selection Criteria will be considered for this program.**

## **2.0 How does it work?**

Biathlon Ontario has developed a sport-specific selection criteria and will form a Selection Committee that will apply the criteria. The top-ranked athletes in the 2024 – 2025 season, based on the selection criteria, will be awarded Ontario Card status in 2025-2026. This Selection Criteria has been approved by Biathlon Ontario. Nominated athletes will be required to sign and comply with an Athlete Agreement between the athlete and Biathlon Ontario. Carding status will be for one year starting April 1, 2025 ending March 31, 2026.

Carded athletes will be required to be a Biathlon Ontario member at the 2025 National Championships, the 2026 Championships. and for Canada at International Championship events, for a period of one year from the date carding is approved.

### **2.1 Funding allocation and cards:**

For 2025 – 2026, the Government of Ontario allocated Biathlon Ontario a total of \$30,105, and Biathlon Ontario has allocated an additional \$1,895 for a total of \$32,000 to be divided among male and female provincial cards. The intent is to have equitable cards for both genders, however, both genders must achieve the minimum performance standard outlined below.

As a result, the \$TBD issued to Biathlon Ontario will be allocated as either full cards or half cards as follows:

<b>Cards</b>	<b>Male</b>	<b>Female</b>
Total Full Cards (\$4000)	4	4
Half Cards (\$2000) /Quarter Cards (\$1000)	TBD	TBD

Full cards can be divided into half (0.5) or .25 cards (minimum) at the discretion of Biathlon Ontario and the high-performance committee. Half or 0.25 cards can be used to provide cards to athletes who ONLY meet criteria under priority 4, U17 Girls or Boys (prone - standing ) performance at the National Championships, a maximum of 0.25 card for priority 5, or in the event of a tie.

If there are not enough athletes of either gender who have met the minimum performance standards, then the remaining cards from that gender will be reallocated to the other if performance criteria is met.

If not enough athletes of either gender achieve any performance standards, the remaining funds will be reinvested back into the Biathlon Ontario Performance Subsidy program for performances during the 2024-2025 season, should the contribution program allow.

## 2.2 Selection Committee:

The Selection Committee, as approved by the Biathlon Ontario board of directors will be comprised of the following members:

- President, and VP Technical, Biathlon Ontario
- Note, if either Biathlon Board Member is unavailable, another board member will be appointed following proper board governance.
- 3-4 coaches from Biathlon Ontario member clubs

- Performance percentages will be rounded to the nearest 0.1 %.
- Performance percentages for *priorities 3 through 6* will be calculated as follows:
  - The average time of the top 3 ranked athletes will be divided by the time of the particular athlete and multiplied by 100, rounded to the nearest 0.1%.

The 2024 - 2025 domestic schedule is shown in Appendix A.

#### 4.2 Breaking a Tie:

If a tie exists between two athletes in any of the above ranking calculations, the selection committee will first look at the best performance % placing achieved in the NT event ranking race. If a tie still exists, results from the most recent head-to-head Sprint race between the two athletes will be used to determine the ranking order.

## 8.0 Appeals

Athletes who have not been nominated for an Ontario Card by the Biathlon Ontario Selection Committee or who have been nominated for a 'Half Card' versus a 'Full Card', where applicable will be allowed to appeal that decision by filing a "Notice of Appeal" with Biathlon Ontario. Appeals will be heard by an Appeals Committee comprised of representatives from the sport community, selected by the Biathlon Ontario Board of Directors.

Grounds for appeals will be limited strictly to issues related to:

- a) Whether or not the Selection Committee has completed the selection process in accordance with its own published selection criteria and related procedures;
- b) Whether or not the Selection Committee applied the selection criteria in a manner that was free from bias, discrimination and/or conflict of interest.

Issues related to the specific content or selection requirements contained in the Biathlon Ontario Selection Criteria are not grounds for an appeal and should therefore be discussed directly with the leadership of Biathlon Ontario.

Please note that before an athlete can file a Notice of Appeal, they must first ask Biathlon Ontario for reasons explaining why he or she was not nominated for an Ontario Card.

If the athlete is not satisfied with the Biathlon Ontario response, the athlete may submit a **Notice of Appeal**, found below in Appendix B. A Notice of Appeal will only be accepted from the athlete and/or their parent/guardian, and coach on the provided template below (typed or hand-printed, no hand-written entries) through email, regular post, registered mail, courier or delivered in person. One appeal cannot be written on behalf of multiple athletes. The Notice of Appeal must be received by noon on the deadline day of **April 30**.

Once Biathlon Ontario has received the Notice of Appeal and agrees that it meets the rationale above, it will convene an appeals committee meeting and read the appeal and send to

the selection committee. The selection committee will submit a “response” back to the appeals committee and the athlete, indicating why the decision should be upheld, with evidence.

If the selection committee and board of directors finds that the data and rationale present valid reasons for the athlete not being selected, then the selection committee will revisit the selection process and ranking list. All athletes involved or impacted by the appeal will be notified.

Once the selection committee, board of directors and appeals committee has reached the final decision, they will notify the athletes and coaches involved in the decision.
